

2019 Annual Advanced Paediatric Dermatology Course

Monday, 13 May to Thursday 16 May 2019

Monday starting time: **TBC**

Thursday finishing time: **TBC**

Seminar Rooms, Department of Dermatology, Ninewells Hospital,
DUNDEE, Scotland

Feedback from 2018 Course

"All very informative and clinically relevant"

"Case-based teaching with practical management tips"

"High profile speakers with a wealth of knowledge"

This long established CME approved 4 day course (previous course awarded 24 credits) provides an excellent opportunity for consultants with a good basic knowledge of paediatric dermatology to update their knowledge base. It is also suitable for specialist registrars towards the end of their training, particularly if they wish to develop a special interest in paediatric dermatology and genodermatoses.

The lecturers from the UK and Eire are all specialists in paediatric dermatology and they are available to discuss short topics in depth.

The course will start early Monday morning and will finish around 5pm on Thursday (*exact timings to be confirmed*). 2018 course will run along similar lines to the sample timetable attached and will be registered for CPD with RCP London. Certificates are issued at the end of the course.

Course Directors: Dr Ross Hearn and Professor Sara Brown
